

Create your own Greg hand puppet!

Ask an adult to help you and use scissors to cut out Greg's eyes.

Choose the eyes which best fit the size of your hands.

Find an elastic band that fits around your hand, preferably one that's a little thicker in width. Glue or sellotape the eyes onto one side of the elastic band.

Make some Greg lollipop puppets.

Create hand prints using paint onto card or paper. Ask an adult to help you cut around each hand print and the eyes below. Glue on Greg's eyes, and add a smile. Next, glue one lollipop stick behind each cut-out hand print.
